Oleh Rozhanskyi

Front-End Developer

Most, Czech Republic oleh.rozhanskyi@gmail.com GitHub LinkedIn Portfolio: [link after deploy]

Available for employment or contract work (registered as self-employed)

SUMMARY

Self-taught front-end developer changing careers after eight years as a CNC operator in precision manufacturing. I build and deploy vanilla JavaScript applications, and I bring the habits precision work taught me: verify before running, and finish what I start.

SKILLS

Confident: HTML, CSS, SCSS, BEM, JavaScript (ES6+), responsive layout, Git
Tooling: Vite, GitHub Actions (CI/CD), ESLint, Stylelint, Prettier
Currently learning: React

PROJECTS

Weather App Live demo Source code
Finds any city via the Open-Meteo API. Chains two dependent requests (geocoding, then forecast) and lets the user choose between cities with the same name.
JavaScript, Fetch API, SCSS, Vite, GitHub Actions

To Do List Live demo Source code
Task manager with priorities; one delegated event handler for toggling and deleting, data persisted in localStorage.
JavaScript, Web Storage API, SCSS, Vite, GitHub Actions

Workout Tracker Live demo Source code
Exercise tracker built around a real training routine: reps, load, notes and a progress counter, stored in localStorage.
JavaScript, Web Storage API, SCSS, Vite, GitHub Actions

Responsive layouts The 18 Green Bank Robin.W
Modals with focus management, sliders, accordions, tabs. Built from free design templates.

EXPERIENCE

CNC Machine Operator **SEKO Aerospace a.s., Czech Republic** Sep 2018 present
Machining turbine components for steam, hydro and nuclear power plants.

- Operate 5-axis machining centers (DMG MORI, Hermle, Heckert incl. mill-turn, Trimill) with Siemens Sinumerik and Heidenhain controls
- Machine aluminium, titanium, steel and Inconel to tolerances of hundredths of a millimetre
- Set up workpieces and tools, define work offsets, read technical drawings; adjust tool compensation independently
- Verify dimensions with on-machine probing cycles and manual instruments; complete measurement records
- Work with machining cycles and write simple programs when needed; train new operators

EDUCATION

Front-End Course (HTML, CSS, JavaScript) **Freelancer Life Style, 105 hours** 2022
Bachelor of Law **Open International University of Human Development "Ukraine"** 2012 2015

LANGUAGES

Ukrainian native Czech A2 English basic (reading technical documentation)
